Doddington, Lincoln LN6 4RU

It is always a pleasure to showcase our art at Doddington Hall and special thanks go to Claire and James Birch for inviting us back to their Stable Yard Gallery. We also thank the Events Team at Doddington for their assistance during our stay.

The Lincolnshire Artists' Society was founded in 1906 and its aims are to promote among members the highest standards of achievement in the arts, promote awareness of their work and enable them to exhibit and sell their works. The Society's Membership continues to grow and we have several new members exhibiting this year.

LAS exhibitions are diverse and eclectic, covering different temperaments and interests. The 'Art in the Barn' exhibition is a celebration of artistic endeavour and the main event for the Society in 2023.

We hope you enjoy your visit; there is a wide range of work by some of Lincolnshire's talented artists with many paintings, photography and sculptural art for sale.

Prizes for the art will be the Hayward Oyler Award, the Charles & Sally Pinchbeck Award, the Maggie Dean Award and the Golding Young Award. We acknowledge the generosity of the Sponsors and Patrons of the Society and thank them for their continued support.

Our exhibitions take place with help from Society members who give their time and energy to bring the artwork together. Thank you to all those involved in the artwork selection and curating, together with organising and presenting the Show.
